### FIESTA COB SPOT LIGHT

The LED innovation gives you the technological novelty of COB LED lights. The Multi-LED chips are clubbed together as one lighting module. This Chip-on-Board type of LED produces a high luminous flux directed towards the surface of the object to be lit. The Fiesta COB Spot Lights have a better life, stability and reliability.

TODION

Strip lights have become a popular idea for festivity and home décor. The LEDs come in durable compact packages that are resistant to shock and can be used in a variety of ways. Available in long strip lengths, they have a protective covering that make them dust and water resistant (IP20/IP44/IP67). LED strips are available in a wide range of single colour as well as multi-colour strips (RGB). Strip LEDs are cost effective and easier to install.
